

MARCH

“Express Yourself” by Madonna (Brandon Rubenstein, Mary Murphy & Reed Lyons)

Hey Slipper! Do you believe in us?

(CHORUS)

Don't go for second best 80s
Put your spirit to the test
You know, you know, you've got to
Take the Millennium tonight
And then you know we'll win this fight

We don't need no Tye Dye, 60s, or Marilyn Monroe
Flower Power, Vietnam War, no one wants to go
What we need is a stronger decade to show the others how its done
He-Man, She-Ra, Smurfs, and Pac-Man, 80s are #1!
CHORUS

Hate to tell you 1970s, but discos really dead
Saturday Night Fever gave us the biggest aching head
Laptops, beepers, cell phones ringing, the noise just never ends
(Something about Bill Clinton here)
