

CHEWBACCA ALMA MATER

**“Don’t Speak” by No Doubt
(Irene Sagalovsky)**

GSC, you bring us all together
Every year, together, always
We really feel that we’ve grown as a family
We look onto the last day sadly
It looks as though we have to let go
But through the years our love for you will grow

CHORUS

[Slipper, our love for you we’re sending
We’ll keep on remembering
You’ll never leave our hearts
Slipper, our time here is ending
But it’s worth pretending
You’ll never leave our hearts]

All the memories keep our love from fading
And when the weather warms we’re always waiting
Days go by, time seems to fly
Our respect and our pride will never die
[CHORUS] No, no, no

Golden Slipper

You’re the home we long for through the year
GSC, for all you’ve given to us we thank you
[CHORUS]

You’ll never leave our hearts
Love to you we’re sending
We’ll keep on remembering
Slipper, Slipper, Slipper, oh!
Cherish all the memories
Won’t forget our family
We won’t forget
We won’t forget
We won’t forget you, NO!
