

**COWARDLY LIONS (2004) MARCH**  
**“Bohemian Rhapsody” by Queen**  
**(Melanie Katz)**

Is this Olympics?  
Is this just fantasy?

Caught in a tornado  
No escaping to Auntie Em's  
Open your hearts  
Look down the road and see....

He's just a Scarecrow  
He needs some surgery  
Because his hay falls out  
On the floor  
Little here, little there  
Hit him with some knowledge  
Cause he needs a brrraaaaainnnnn real bad

Tinman  
You need a heart  
You're rusted from the rain  
And you're going quite insane  
Funnel? What is on your head?  
“Where is my oil can?” you said

Witches (BOOOO!!!!)  
You're ugly in the sky  
A little water causes you to die  
Melt on  
Melt on  
Then we steal your broom. From you.

We see a winning team on the run  
Cowardly! Cowardly!  
We are the Cowardly Lions!  
Never, ever doubt us  
Very, very frightening...are we.  
Yellow Road  
Yellow Road  
Yellow Road  
Lead us Home.
