

THE INCREDIBLE HULK ALMA MATER

“Every Breath You Take” by the Police (Jarad Silverstein)

Every breath we take, every smile we make
Every hand we shake, every bond we make
Slipper we'll be true

Every single day, we are proud to say
We'll forever stay with our hearts at play
Slipper we'll be true

Inside of me, spirits running free
We devote our faith to this special place

And all the dreams we've made
And every game we've played
We will serenade all the friends we've made
Slipper we'll be true

When we leave, as the tears run down our face
Memories impossible to erase
Pride and honor cannot be replaced
Golden Slipper is our saving grace
The magic lasts throughout eternity

Inside of me, spirits running free
We devote our faith to this special place

Every breath we take, every smile we make
Every hand we shake, every bond we make
Slipper we'll be true

In our deepest prayer, you were always there
Slipper we'll be true
You are in control of our heart and soul
Slipper we'll be true
