

## **SPIDER-MAN MARCH**

### **“I Think We’re Alone Now” by Tiffany (Brandon Rubenstein)**

Wonder Woman  
It is a shame that you’re the only  
Girl in this bowl  
PMS will be your downfall

Flying in your see-through jet (jet jet jet)  
Don’t get your pretty hair wet (wet wet wet)  
Trying to save the day with all of your might  
And then a sale begins at Bloomies and you have to say goodnight Spiderman

(CHORUS) We’re on our own now  
Nobody could keep up with us anyhow  
Spiderman  
Its up to us to save the day somehow

Hey, Superman  
You can’t hide behind your glasses  
Because we can  
Come over there and kick your---

Stronger than a speeding train (train train train)  
On a leash held by Lois Lane (Lane Lane Lane)  
Trying to save the day with all of your might  
And then a boulder hits the ground with a little bit of                      your Kryptonite  
CHORUS

Incredible Hulk  
Listen to us, Mr. Banner  
No self-control  
We will teach you some manners

Uncle Justin took a nasty fall (fall fall fall)  
In a game of staff basketball (ball ball ball)  
Trying to save the day with all of your might  
And then your temper gets too soggy and you start a                      nasty fight with someone  
CHORUS
