

MARCH

**“You May Be Right” by Billy Joel
(Sean Banks & Andi Blau)**

Winter time has lots of snow
Our noses get numb when the wind blows
We hate to shovel all the snow away
And when Spring time is in bloom
Can't stand cleaning with a broom
And our allergies will make us sneeze all day

(CHORUS)

Turn up the heat
Here comes the Summer
You're all going down, we'll beat you, wait and see
Turn up the heat
We'll just get hotter
We'll heat you up and make you fall
Team number three

Those ugly leaves that come in Fall
We hate to have to rake them all
And Halloween just scares us all away
And now everything is dying
Autumn we can hear you crying
Cause the Summer time will knock you off your feet
CHORUS
