

WONDER WOMAN ALMA MATER

“There You’ll Be” by Faith Hill (Meredith Cohen)

When September rolls around
In the classrooms we’ll be found
You know we’re dreaming of this place, we can’t be without
In the cold winter months
We long for the summer time
Slipper, we’ll miss you

(CHORUS)

So pardon our tears when it comes time for us to leave
In our hearts there always be a place for you in all our lives
Golden Slipper’s a part of us
And when we close our eyes we’ll see you
And when we close our eyes we’ll see you

When we think back on our days
At the lake, the field, or pool
Or even all the dances and the movies we go to
We know the end is drawing near
But we don’t want to leave you
Slipper, we’ll miss you

CHORUS

While in the dining hall, we cheer, we laugh
And at high challenge, we climb, we sing, and scream
Slipper, we’ll miss you
Slipper, we’ll miss you

Alllllways.....

CHORUS
