

WONDER WOMAN MARCH

“That Don’t Impress Me Much”

by Shania Twain

(Sean Banks-Duitch)

We knew a bunch of heroes who thought they were tough
But Wonder Woman shows you who’s got the right stuff
Spiderman, you drive us straight up a wall
Get tangled in your webbing and make you fall

Oooh, we have a lasso
Oooh, we’ll rope you down
OK, so you can sense evil
That don’t impress us much

(CHORUS)

You know we have a team that you can not touch
Just because we’re women it don’t mean a thing
We’re the only team lookin’ good in a G-String
You don’t impress us much

Incredible Hulk may be big and strong
But your attitude and temper make you wrong
Superman leaps buildings in a single bound
But our Kryptonite will knock you straight to the ground

Oooh, we have a lasso
Oooh, we’ll rope you down
OK, so you have X-ray vision
That don’t impress us much

CHORUS

You don’t impress us much (2x)
